This is an event that you do not want to miss. The telemedicine market is projected to grow by 18.3% annually over the next five years. Dr. Megan Bergman and Dr. Phill Boute from the ABVMA will provide an overview of the latest regulatory guidelines in Alberta. This is a great opportunity to get all your questions and concerns addressed regarding best practices. Additionally, we will have other speakers sharing insights on market and technology trends and how these impact your patients, clients, and practice. You will also hear success stories about how telemedicine has positively impacted team dynamics, addressing issues such as retention, flexibility, and availability. Join us for an interactive and dynamic evening - you definitely won't regret securing your seat at the table!
