

## The Art of Providing Hospice Care & Modern Euthanasia

Join us for a 3-day immersive workshop in veterinary hospice care! Located just a short drive from the pristine shores of Georgian Bay, home to the world's longest freshwater beach.

### What to Expect

Learn essential concepts, skills, and protocols to transform the way your team provides end-of-life care, from your first hospice consultation to the final goodbye.

#### Day 1

- Introduction: Why Hospice in vet practice?
- Essential concepts: The foundation
- Navigating moral dilemmas in hospice care

#### Day 2

- Developing a comfort care plan
- Delivering a quality of life consultation
- The team approach to hospice care

#### Day 3

- Best practices for a peaceful euthanasia
- Wet lab: intra-organ injections
- Client simulations
