

Parasiticide Protocols KISS (Keep It Simple Stupid) “To Kill a Parasite”

with
Danny Joffe

DVM, Dipl. ABVP (Canine/Feline Specialty)
National Medical Director, General Practices, VCA Canada

Review of parasite protocols for prevention and treatment

Now available on demand at **BI-OnlineCE.ca**

In this webcast, Dr. Joffe will provide an overview of:

- parasite prevention and treatment;
- clinical parasite protocols;
- proper in-clinic compliance;
- clinical signs, diagnosis, and treatment of the most common parasites;
- team education and protocol implementation.

**This video will help you provide consistent recommendations
for parasite management in your clinic.**

ABOUT DR. JOFFE

A graduate from the Western College of Veterinary Medicine in Saskatoon, he completed a small animal medicine and surgery internship at Cornell University as well as received his Canine/Feline Specialty certification from the American Board of Veterinary Practitioners. He also lectures veterinarians and technicians on a variety of topics including pain management, dermatology, cardiology, and more. He became VCA Canada's National Medical Director in the fall of 2012 and is also a Clinical Instructor at the University of Calgary's Faculty of Veterinary Medicine.
