Live webcast | Spotlight on Sileo® and Bonqat®

Grey Wolf Behaviour Solutions: Helping Patients, Clients, and Clinics Thrive

November 24, 2026 at 7 p.m. ET | 30 min.

5:00	6:00	7:00	8:00	8:30
BC/YK (PT)	AB/NWT/SK (MT/CT)	MB/ON/QC (CT/ET)	PEI/NB/NS (AT)	NL (NT)

Join Dr. Ian Sandler for a 30-minute virtual learning session exploring Grey Wolf's behaviour portfolio and practical strategies for managing fear, anxiety and stress in cats and dogs.

Learn how **Sileo®** (oromucosal dexmedetomidine hydrochloride) can help relieve acute anxiety and fear associated with noise in dogs, and how **Bonqat®** (pregabalin oral solution) can support cats experiencing fear and acute anxiety during transportation or veterinary visits. Gain clinical insights, understand the science behind these therapies, and discover how to integrate behaviour solutions into everyday practice.
