

Dynamic Dialogue

This 2-day interactive workshop with Dr. Cindy Adams and Becky Taylor, RVT, MA, is designed to level up your communication skills with a focus on refining and practicing techniques previously learned. This workshop offers direct coaching from recognized industry experts in a collaborative, small group setting. It's designed to develop skills to a mastery level.

Concentrated Study and Refinement of Dialogue Skills

DAY ONE

Core Dialogue Skills

Review of evidence based, dialogue skills that attendees have already been putting into practice. Overview of strategies for managing and navigating conflict conversations with clients and with team. Development of goals and plans moving forward.

DAY TWO

Simulation & Observation

The completion of one simulated interaction as well as observation and coaching in five additional simulations. We're putting the skills into action with direct, in the moment, coaching.

"Becky and Cindy created a safe and supportive environment where we could get out of our own way to focus on skill improvement. One of my many nuggets from the workshop is giving feedback / feed-forward. Amazing recognition of individuals' journeys with clinical communication. VERY impactful, powerful. I recommend this course!"
