

IMLocum

## CONNECTING VETERINARY PROFESSIONALS WITH **NEW CAREER OPPORTUNITIES**

### I AM A MANAGER

Your team works hard to ensure the best care and consistent client experience. But sometimes you need to urgently fill a shift or a job position – and it can be costly and take weeks to find the right person.

Out-of-date directories, cluttered classifieds, inefficient calling back and forth and not knowing who's reliable... sound familiar? Being understaffed takes a toll on your team and pulls focus away from client care.

**At IMLocum, you can save time and resources when in need of staff.**

### I AM A PROFESSIONAL

At IMLocum, we believe that your passion for working with animals shouldn't lead to burn out.

Imagine having the freedom and control of your schedule and your career today and years from now. But so often vet professionals struggle to have a work-life balance – picking up whichever jobs or locum shifts come your way.

**Now, you can focus on what you're good at and have clinics seek you out when they need your skills. Find new jobs and locum shifts on IMLocum.**

IMThriving

## Helping Professionals **Build** Lasting Careers & Helping Clinics **Support Strong Teams**

IMThriving is a subscription-based community offering on-line veterinary continuing education and live and "hot-topic" conversations with leaders from within our profession. Community of veterinary professionals and clinic staff.

### EMPOWERING THROUGH BUILDING RESILIENCE

Working in the veterinary profession has been especially tough lately. Often we struggle to have balance and leave work exhausted and depleted. **At IMThriving, we believe that our passion for working with animals shouldn't lead to burn out.** We empower you through building resilience.

#### Inspiration

One of the biggest threats to veterinary industry is burn out. We can end that here by building resilient community.

#### Resources & CEs

Have access to people who are experts in what they do and learn about things that matter to you. Webinars and CEs tailored to you.

#### Support

We are here to advocate and support each other in the fight to overcome adversities and thrive in our profession.

**Flexible Continuing Education (CEs)** - On demand, live and recorded, on topics relevant to you and delivered by experts.

**Community of kickass people like yourself** - participate in live webinars and discussion forums, communicate and collaborate monthly.
